

SUBJECT: Headquarters Complex McNamara Child Development Center COVID-19 Status Changed to Closure Effective Monday April 6, 2020.

Attention CYP Parents,

As anticipated, the COVID-19 Crisis situation continues to escalate directly impacting and reducing available childcare options for our Child Youth Programs (CYP) families across the Military District Washington (MDW). In order to ensure the safety of our patrons and staff, the DLA Installation Management-Ft. Belvoir Site Director has directed a closure of CYP services until further notice.

EFFECTIVE 6 APRIL 2020, care will no longer be provided at the McNamara HQC Child Development Center until further notice.

With the current restrictions and limitations placed on both Maryland and Virginia personnel, and to ensure the safety and wellbeing of all our families and staff, this decision has been reached.

Thank you for your continued understanding during this National Health Crisis. We will continue to do our best to keep our patrons informed as updates come about.
